## THE WORLD OF SOCIETY.

**MISS HELEN HURST AND MR. EDWARD O. GORDON MARRIED.**

Only Small Company at Ceremony and Breakfast—Golden Wedding.

The marriage of Miss Helen Hurst, daughter of the late Bishop Hurst of the Methodist Church, to Mr. Edward O. Gordon of Cleveland took place at noon today at the chapel in Foundry Methodist Episcopal Church, 13th and Church streets, the pastor, Rev. Robert M. Moore officiating. Only a small company of intimate friends witnessed the ceremony, and less than twenty persons afterward joined Mr. and Mrs. Gordon at Rauscher's for the wedding breakfast.

The couple left this afternoon for a bridal tour and will go to London eventually to reside. The bride has a wide acquaintance in this city. Her bridal toilet was of princess lace and a tulle hat trimmed with plumes. She carried bride roses.

Miss Emma Shaw, second daughter of Secretary and Mrs. Shaw, will make her debut this afternoon at the Arlington, and in the evening party will be Mrs. Thomas H. Anderson, Mrs. J. H. Edwards, Mrs. Benjamin and the Misses Cassidy of Montclair, N. J.; Miss Root, the Misses Shortt, Miss Indle Bell Fleming, Miss Edgeline Hastings, Miss Irene Moon, Miss Pansy Perkins, Miss Perle Anderson, Miss Fountain and Miss Shaw.

Miss Edith Conrad was the hostess at an informal reception yesterday afternoon from 3 to 5, when fifty guests met three Louisville girls, Miss Ruby Francis Ott, who is attending National Park Seminary, and Miss Elizabeth Schott and Lillian Delmer of Chevy Chase College.

Mr. and Mrs. Jacob Steiner, 577 L street northwest, announce the engagement of their daughter Ella to Mr. Louis Buech of this city.

Associate Justice and Mrs. Harlan will celebrate a reception, 4 to 7, Saturday, December 9, at their home, 1414 Harvard street, anticipating the real date by a day, as it falls on Sunday. Their children and grandchildren will be present on that occasion, as well as the three bridesmaids who waited on Mrs. Harlan, then Miss Melvina French Shanklin, on her wedding day, and Miss Elsie Schott and Lillian Delmer of the bride's parents. Their surviving children are Rev. Dr. Richard D. Harlan of Lake Forest, Ill., James M. Harlan, member of the Interstate Commerce Commission, John Maynard Harlan, Miss Laura Harlan and Miss Ruth Harlan.

Mr. and Mrs. H. H. Bergman of 1444 Harvard street have their son-in-law, Dr. Frank W. Waldecker of Wichita, Kan., visiting them.

Miss Stephanie Trecoff will make her debut tomorrow afternoon at the home of her grandmother, Mrs. Charles Worthington, 1916 N street.

Representative McKinley will give a dinner tonight at his home on Connecticut affecting the United States. When the law was enacted it gave to this country "the most favored nation treatment clause," with the provision that the clause should stand in full force and effect until July, 1907, in order to allow the United States time to appoint delegates to a conference to arrange a trade treaty.

According to Dr. North's letter the social side of the life of the delegates while in Berlin promises to be particularly brilliant before the conference. It is believed that Dr. North will return to Washington in time to take up the duties of his position as director of the census office on the first of the year.

**GRIEVANCES OF JAPAN.**  
Letter to the President on School Controversy Given Out.

SAN FRANCISCO, December 10.—Secretary Oyama of the Japanese consulate in San Francisco yesterday gave out for the first time a letter in regard to the school question which the Japanese government has sent to President Roosevelt by Secretary Metcalf. It deals at length with all the details of the controversy and specifies briefly the Japanese grievances as follows:

"The Japanese, believing they have been unjustly discriminated against solely on account of race, protesting against segregation and refusing to submit their children to dangers incident upon their attending said oriental schools, have declined to obey the order of the board of education, and unless the order be rescinded or other relief had, the Japanese children of San Francisco, who have faith in their part, will be deprived of their opportunity to obtain an education."

**Japan Trusts America.**  
TOKIO, December 10.—The message of President Roosevelt has caused profound satisfaction throughout Japan. The press declares it confirms the feeling entertained generally throughout the country since the beginning of the complication that Japan trusts her often-proved friend, America, to do her justice, and may confidently leave matters in the hands at Washington.

Members of the upper house seem disposed to veto the idea of sending a squadron to the incident next year, lest a visit to American ports should be misconstrued.

## INSANITY INCREASING.

Statistics Furnished by the Census Bureau Show That Fact.

Insanity is on the increase in the United States, according to a report of the census bureau. The report shows that not only is insanity on the increase, but it is increasing more than in proportion to the increase of population. The ratio in 1905 was about 180 insane per 100,000 of population.

There are as a rule more insane males than females, though in the southwest the number of insane females slightly predominates. There is a much larger per cent of insane foreigners than of natives, and of the ignorant foreigners the Germans and Scandinavians furnish about 65 per cent.

The French and Scotch have very few insane, less than 1 per cent. One peculiarity is that insanity among the native-born population of mixed blood is very rapidly on the increase.

**WHERE CORDIALLY RECEIVED.**  
Kind Treatment of the American Tariff Delegates at Berlin.

Dr. S. D. North, director of the census office, and now serving as a member of the international tariff conference, which is sitting in Berlin, has written to one of the officials at the census office, telling him of the cordial reception given to the American delegates upon their arrival in the German capital. Dr. North wrote that it looked as though the duties of the position as delegates would be somewhat arduous. He said that nine distinguished Germans, together with the delegates from the United States, would immediately begin upon the conference to make arrangements to prevent the provisions of the new German tariff law affecting the United States. When the law was enacted it gave to this country "the most favored nation treatment clause," with the provision that the clause should stand in full force and effect until July, 1907, in order to allow the United States time to appoint delegates to a conference to arrange a trade treaty.
